

# MH.G19 Multi-Faith space

## Guidance

Our Multi-Faith Space is open to all students and staff of any faith (or none) and offers a designated space for prayer, contemplation, meditation and reflection.

Please be respectful and considerate of others who may be sharing the space and observe the guidelines for use of the room. If the "in use" sign on the door is up, it may be necessary to wait for the space to become free.

### Some simple rules...

As the space is accessible and neutral for all users, please do not permanently display any imagery, statues or written materials. Items and/or materials can only be displayed during the course of a session and must be removed from the room at the end.

Charity box, monies or valuables are not permitted to be kept within the room and users are responsible for their own personal possessions.

Food and drink should not be consumed in the space unless this forms part of any faith observance.

No candles, incense or naked flames of any kind.

The space must be left clean and tidy.

Please remember that this space is not intended for any events or ones that include external speakers.
